[ndokeh@gmail.com](mailto:ndokeh@gmail.com)

I am an adaptable professional who has been in the IT field for the past 7 years. Over the course of my career I have worked as a Linux Systems Administrator for 9-Solutions providing Tier 1 to Tier 3 support and administration, proposed and written troubleshooting guides and standard operating procedures, and implementing automated system maintenance. I've also developed and consistently demonstrated customer service, quality control and assurance, and IT asset management.

I've taken the past year to travel and peruse my passion in photography and film making in the East Coast in Maryland, Virginia, New Jersey, and New York, while studying for the CompTIA Linux+ certification certificate.

I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on my achievements, and how my specific skills and abilities will benefit your organization. Please contact me at (202) 306-2017 or via email at [ndokeh@gmail.com](mailto:ndokeh@gmail.com) to arrange for a convenient meeting time.
